*“Great solutions for 75 years...1933 - 2008”*

### **Mid Island Truck & Equipment Members Needs & Requirement Survey**

To date there have only been 25 surveys returned out of 70. From the information gathered from the returned surveys, the members of MITE use over a 1/4 of a million litres of fuel each month in 53 dump trucks, 127 pick up trucks, 23 highway trucks, 22 loaders, 9 backhoes and 56 excavators. This represents tremendous buying power as an association. There is still time to mail the surveys back. If you haven't received the survey and are interested in participating please email Pam: [safe-n-sound@shaw.ca](mailto:safe-n-sound@shaw.ca). Thank you.

#### ***New member information*** *(please add to your handbook)*
