

Sept. 23, 2008

Mid Island Truck & Equipment Association
4311 Jingle Pot Road
Nanaimo, V9T 5P5

ATTN: Norm Jones, President

Dear Mr. Jones:

Re: Trucking Rates

The rate for single axle will be set at \$66.46 and will not be adjusted.

The City of Nanaimo will pay the rate for truck & pup based on a 22 cubic yard capacity.

The tandem axle rate remains the same.

Trucking rates for tandem axle and truck & pup will be adjusted as per the fuel adjustment rate posted on the Ministry of Transportation & Highways website (<http://www.th.gov.bc.ca/hired-equipment/hiredequip.htm>).

The fuel adjustment for July and August was \$6.76. The fuel adjustment for Sept. is \$6.06.

Effective **July 1, 2008** the following hourly rates were in effect:

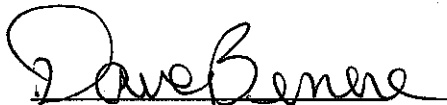

Single Axle (6 cu. yd)	\$66.46 (This rate is set until next blue book rate is published and will not be adjusted on a monthly basis)
Tandem Axle (12 cu. yd)	\$81.85 plus monthly fuel adjustment
Truck & Pup (22 cu. yd)	\$118.45 plus monthly fuel adjustment
July Haul-in Rate	\$4.82/tonne (\$118.45/hour + \$6.76 Fuel Adjustment / 26)

The haul-in rate is subject to the monthly fuel adjustment. Here are the August & Septment rates:

August Haul-in Rate \$4.82/tonne (\$118.45/hour + \$6.76 Fuel Adjustment / 26)
Sept Haul-in Rate \$4.79/tonne (\$118.45/hour + \$6.06 Fuel Adjustment / 26)

Truckers are required to attach copies of the original invoice to any adjustment invoices submitted for payment.

Yours Truly,

Dave Benere
Superintendent of Construction
